

**DISPLAY**

We have a range of display boards, pedestals and display cases to enhance your model's presentation and value.

**DISPLAY CASES**

Display cases protect your model from dust and accidents. Our Display Cases come in 6 standard sizes and are made to order from Pacific Maple timber. All parts are pre-cut and fitted and are easily assembled with 8 screws. All materials and hardware are included. Glass or Perspex is not included. Assembly takes approximately 30 minutes using a screw driver. The timber is lightly sanded and will require final sanding and varnishing by the modeller.

- To determine the size of the display case required:
1. Measure the overall length (L), width (W), and height (H) of your model (height needs to include baseboard and pedestals).
  2. Add approximately 50mm to each dimension to determine the case size.
  3. Select the size required from the table.
  4. Submit your order.

Size	Order Code	Case Size
1	DSMS9001	L 500mm x W230mm x H430mm
2	DSMS9002	L700mm x W320mm x H600mm
3	DSMS9003	L900mm x W410mm x H770mm
4	DSMS9004	L1000mm x W450mm x H850mm
5	DSMS9005	L1100mm x W500mm x H940mm
6	DSMS9006	L1400mm x W630mm x H1200mm

Custom made cases can be arranged. Please advise us of your particular sizes and we will arrange a costing for you.

**Display Base Boards**

Some of our models come with a display base board. Our Display Base Boards however are a bit grander. All require final sanding and varnishing by the modeller. Pedestals are not included with the base board.
